NEW PERSPECTIVES ON SCANDINAVIAN DESIGN

Muuto is rooted in the Scandinavian design tradition characterised by enduring aesthetics, functionality, craftsmanship and an honest expression.

By expanding this heritage with forward looking materials, techniques and bold creative thinking, our ambition is to deliver a new perspective on Scandinavian design. In fact our name **MUUTO** comes from ***muutos***, meaning new perspective in Finnish.

We handpick leading contemporary designers who are strong interpreters of our philosophy and then combine their talent with the passionate Muuto creative team.

You will know our design because it has muutos. Objects made sublime through new perspectives, enjoyed across the world, representing the best of Scandinavian design today.
