S1 // PURE PRIVILEGE

Design : byKATO

With its modern design, the S1 re-interprets the classic sideboard and gives you a piece of furniture with abundant potential for creating your own personal statement, and your own design. Choose between oak, ash, walnut or black for the body. Add shelves in laminate and drawers in solid wood. Doors come in 12 different colours. The base, body and drawers are elegantly crafted with visible dowel joints, and both doors and drawers can be installed without the use of tools so that you can easily design your S1 to suit your own taste and temperament. The drawers can also be used as trays. Practical and thoroughly elegant.

200 x 50 x H68 cm (incl. base)

S2 // PURE POTENTIAL

Design : byKATO

The S2 is much more than a shelving system. It provides a wealth of possibilities for creating your own personal storage space, for your own personal needs. You can give it your own personal look by combining shapes, types of wood and colours as you please. Elements in four different sizes are the mainstay of the S2 system. These come in solid oak, ash, walnut or black with visible dowel joints. You then have complete freedom to design your own shelving system with doors and drawers in countless combinations and colours, and you can add partitions and shelves in five different widths. Hang the S2 on the wall, or place one or more elements on the elegant, mat black metal legs. Can you see the potential?

S3 // PURE PERSONALITY

Design : byKATO

The S3 is a perfect fusion of classic and modern; with elements of the classic writing bureau, with a trace of sideboard, with a hint of cupboard. The S3 offers you an open invitation to combine your creativity with your love of order to design your own personal storage cabinet. There is room for absolutely everything, from porcelain, tablecloths and crockery to keys, documents, catalogues, tablets and game consoles. Choose between a solid oak, solid walnut or black body with laminate fronts in white or a tasteful combination of three pastel beige and grey tones.

Dusty green

S4 IS AN EXCITING NEW SIDEBOARD, WHICH IS BOTH SPACIOUS AND PRACTICAL. DITLEV KARSTEN HAS DESIGNED A BRILLIANT ITEM OF STORAGE FURNITURE. THE BODY IS MADE OF SOLID OAK, TREATED WITH WOOD CARE FOR EASY MAINTENANCE. YOU CAN CHOOSE BETWEEN 2 COLOURS FOR THE DOORS: WHITE OR DUSTY GREEN. CHOOSE BETWEEN A STEEL BASE, POWDER PAINTED OR SOLID OAK LEGS. S4 IS A BEAUTIFUL AND USABLE STORAGE SOLUTION. A CLASSIC, SPACIOUS SIDEBOARD.

S5 // PURE STYLE

Design : byKATO

Like the other storage units from Andersen, the design of S5 is also based on good, traditional craftsmanship. The unit is made of solid wood with mortise and tenon joints, turned legs with brass rings and drawer frames, also in solid wood. The unit has a beautiful finish, and it is an exclusive and extremely elegant piece, which is also practical as it offers plenty of storage space.

S5 is available in solid oak and walnut or with a black cabinet, and a choice of two different fronts. One is with multicoloured door and drawer fronts in beige and shades of grey, while the other version of the S5 comes in a more simple and classic version with plain white fronts.

Dimensions: W83 x D43 x H132 cm.
The legs are fitted with adjustable feet

S6 // PURE ELEGANCE

Design : byKATO

The S6 sideboard is yet another new addition to the S3 family. S6 has visible mortise and tenon joints and elegantly crafted details. S5 is a beautiful, practical storage solution, as the unit has both drawers and doors, naturally with soft-close dampers.

Like the other pieces in the storage range, S6 is also available with a solid oak, walnut or black cabinet, and a choice of two fronts: either the classic white, or the inspiring and timeless multicoloured front in beige and shades of grey.

Dimensions: W163 x D43 x H79 cm.
The legs are fitted with adjustable feet.

C1 // PURE PRESENCE

Design : byKATO

The CT1 challenges the traditional coffee table by playing with organic shapes, bringing a whole new intimacy to your living room. The tables appear smaller but they actually offer the same possibilities as rectangular, oval and round coffee tables. There are four sizes to choose between, in elegant oak or warm walnut. Alternatively, you could combine a base in solid wood with a table top in one of the many different laminate colours. You could also add an under-shelf in laminate; again, there are many colours to choose between. The result is a wealth of options and a table with extraordinary personality.

All tables are 45 cm in height

C2 // PURE JOY

Design : Herman Studio

The C2 is an innovative series of solid oak coffee tables with a touch of classic elements in terms of shape and materials.

Ø50 x H43,5 cm
Ø80 x H47,5 cm
43x43 x H43,5 cm
65x65 x H47,5 cm

Choose between four different sizes and/or combine them in a set. The C2 is available in two different heights and can therefore be used as nesting tables.

The quality craftsmanship and subtle details of the C2 makes it an attractive addition to any living room. Pure joy.

The C2 table series has recently expanded with a lamp and a lamp table. The lampshade is made of porcelain and the base is solid oak

A1 // PURE COMFORT

Design : byKATO

The A1 is a new sofa that is guaranteed to become a classic. Its aesthetic contours lend it a timeless and elegant appearance. The A1 is designed by byKATO with a strong focus on comfort. The sofa contains differentiated foam which ensures the highest possible sitting comfort. Choose from more than 50 high-quality varieties of leather and fabric upholstery, allowing you to determine the look of your sofa. The A1 sofa appears light and inviting, drawing you in to take a seat.

The sofa comes in a 3-person and 2½-person variety. A variety of finishes can be selected for the solid oak legs. You also have the option of combining the sofa with a comfortable and classic pouf.

T7 // PURE SATISFACTION

Design : Ditlev Karsten

Ditlev Karsten has designed a beautiful, modern classic dining table – T7. Enjoy the table's soft style and expression. The tabletop is made of solid coloured white laminate and the legs are in solid oak – treated with "Wood Care" for minimal maintenance or you can choose legs black painted. The design of T7 lets the materials speak for themselves. Practical and elegant.

The table can be extended with 4 extra leaves, which are easy to insert to provide extra room at the table.

255 // PURE TRADITION

Design : Knud Andersen

The 255 collection's round and oval dining tables represent Danish furniture design at its purest. They are created to maintain design and quality. The classic design occupies the room and gives the table its own personality, regardless of whether you add one of Hans Wegner's classic chairs, a modern shell chair or something different altogether. The 255 table will give you a feeling of joy; every time you see it and every time you set it. The standard table is supplied with an extension mechanism for three extension leaves. Additional extension, up to a total of eight leaves, can be added.

DK10 // PURE PERFECTION

Design : Ditlev Karsten

With its elegant steel structure, the DK10 table collection appears light and airy. The design demands attention but, at the same time, shows the chairs to their best advantage. Demonstrating the tasteful evolution of the collection, its latest addition is an oval extendable table with legs in solid oak or walnut. This new detail lends the table a much warmer appearance, allowing the passion for natural materials and impeccable cabinet-making to emerge.

Steel legs:

THE NEW D1 DESK IS A PRACTICAL, SIMPLE PIECE OF FURNITURE, WHICH POSSESSES BOTH STYLE AND CHARACTER. THE DESK IS DESIGNED BY byKATO AND ITS SCANDINAVIAN SIMPLICITY AND ELEGANCE COME OVER LOUD AND CLEAR. A TIMELESS IDIOM – SIMPLY. THE DESK IS MANUFACTURED USING PRACTICAL LINOLEUM SHEETING, WHICH IS AVAILABLE IN 3 ELEGANT COLOURS. THE FRAME IS MADE OF SOLID OAK AND TREATED WITH THE PRODUCT, “WOOD CARE”, SO IT REQUIRES A MINIMUM OF MAINTENANCE.

TAC // PURE PERSUASION

Design : byKATO

The Andersen Chair (TAC) is a stimulating confrontation of opposites. Classic warmth meets colourful creativity. Nordic minimalism blends temptingly with international design. Choose between matt white, matt black or seven glossy colours for the seat and choose between oak, ash, walnut and black legs. Finish the chair with a flourish (and a little extra comfort) by adding a fabric or leather cushion.

FRESH DESIGN – SOLID WORK

HT1 // PURE PLENUM

Design : byKATO

With the HT1, byKATO has taken the prize-winning T1 design to new heights - quite literally. The table is a re-interpretation of the traditional high table with trestles. Simple yet full of character, its 30 mm table top seems to float above the two solid wood trestles. The stainless steel cap covering the footrest discretely emphasises the classy tone this table lends to any environment; whether it is used for meetings on the run, for taking a breather, or as a natural hangout in the family room.
